Structure of Undergraduate programs

In the present structure of Choice Based Credit System(CBCS) the four year B. Tech. program comprise of courses divided in six distinct areas, namely: Applied Sciences and Mathematics Courses (ASC), Humanities, Social Sciences and Management Courses (HSC), Common Engineering Course (CEC), Departmental Core Course (DCC), Departmental Elective Courses (DEC), and Open Electives Courses (DOE). All the courses offered in First year B. Tech programs are categorized as 'Common Courses' for all the academic programs. Credits assigned to various components of the B. Tech curriculum are given in Table-1. Credit and curricular components for common courses and University Elective courses are given in the Table-2 and Table-3 respectively.

Common Courses

The courses offered to the First Year B. Tech. programs are grouped under two category of Group A and Group B in both first and second semester. All the students need to complete these common courses in First year. Different departments have participated in design of these courses so as to cater to the requirement of their program(s) with the parent departments. These courses are planned to give the students a firm base in the areas of Applied Science, Applied Mathematics, Humanities and Common Engineering disciplines.

Applied Sciences and Mathematics Courses (ASC)

The Applied Sciences and Mathematics Courses consist of a 5 courses considered essential for a B. Tech. program to build the background for learning of engineering core courses.

Humanities, Social Sciences and Management Courses (HSC)

The Humanities, Social Sciences and Management Courses consists of a 5 courses considered essential for a B. Tech. program to inculcate the essence of technical report writing, communication skills, engineering economics, management and professional ethics & human values.

Common Engineering Courses (CEC)

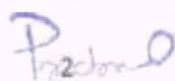

The students are required to complete at least 8-9 numbers of common engineering courses offered by engineering departments. These courses introduce to student a wide spectrum of knowledge in allied engineering domain connected to the main engineering stream of the course of study of the students of concerned department

Departmental Core Courses (DCC)

The departmental core courses consists of 15 courses considered essential for a chosen engineering / science discipline including, engineering design, seminar, industrial training and projects.

Departmental Elective Courses (DEC)

The students are required to complete a number of Departmental Elective courses 5 numbers offered by his / her parent Department. Every Department offers a wide variety of elective courses under this category.

14. COMPUTATION OF SGPA AND CGPA

14.1 The Dr. A.P.J. Abdul Kalam Technical University (APJAKTU) Lucknow adopts absolute grading system wherein the marks are converted to grades, and every semester results will be declared with semester grade point average (SGPA) and Cumulative Grade Point Average (CGPA). The CGPA will be calculated every semester, except the first semester. The grading system is with the following letter grades and grade points scale as given below:

Level	Outstanding	Excellent	Very Good	Good	Above Average	Average	Poor	Fail
Letter Grade	O	S	A	B	C	D	E	F
Grade Points	10	9	8	7	6	5	4	00
Score (Marks) Range (%)	≥ 90	<90	$<80,$ ≥ 70	$<70,$ ≥ 60	<60 ≥ 50	$<50,$ ≥ 45	$<45,$ ≥ 40	< 40

14.2 A student obtaining Grade "F" shall be considered failed and will be required to reappear in the examination. Such students after passing the failed subject in subsequent examination/s will be awarded with "E" grade irrespective of marks he/she scores in the subsequent examination/s. Number of attempts taken to clear a subject/s shall be shown in the transcripts.

14.3 Computation of SGPA and CGPA

The following procedure to compute the Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA):

(a) The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student, i.e

$$\text{SGPA (Si)} = \frac{\sum(C_i \times G_i)}{\sum C_i}$$

where C_i is the number of credits of the i th course and G_i is the grade point scored by the student in the i th course.

(b) The CGPA is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a programme, i.e.

$$\text{CGPA} = \frac{\sum(C_i \times S_i)}{\sum C_i}$$

where S_i is the SGPA of the i th semester and C_i is the total number of credits in that semester.

(c) The SGPA and CGPA shall be rounded off to 2 decimal places and reported in the transcripts.

CHOICE BASED CREDIT SYSTEM (CBCS) ORDINANCE GOVERNING THE DEGREE OF BACHELOR OF ENGINEERING / TECHNOLOGY /PHARMACY/HOTEL MANAGEMENT AND CATERING TECHNOLOGY/FASHION AND DESIGN/(B.E./B.Tech./B.Pharm./B. HMCT/BFAD)

CHOICE BASED CREDIT SYSTEM (CBCS):

The choice based credit system provides flexibility in designing curriculum and assigning credits based on the course content and hour of teaching. The choice based credit system provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective and open elective courses. The CBCS provides a cafeteria type approach in which the students can take courses of their choice, learn at their own pace, undergo additional courses and acquired more than the required credits, and adopt an interdisciplinary approach to learning. The courses shall be evaluated on the grading system, which is considered to be better than the conventional marks system. It is necessary to introduce the grading system to make the uniformity among all technical institutions of India. This will benefit the students to move across institutions within India to begin with and across countries. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the AICTE has formulated the guidelines to be followed.

DEFINITIONS OF KEY WORDS:

4. COMPUTATION OF SGPA AND CGPA

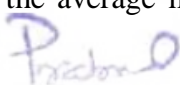

14.1 The Dr. A.P.J. Abdul Kalam Technical University (APJAKTU) Lucknow adopts absolute grading system wherein the marks are converted to grades, and every semester results will be declared with semester grade point average (SGPA) and Cumulative Grade Point Average (CGPA). The CGPA will be calculated every semester, except the first semester. The grading system is with the following letter grades and grade points scale as given below:

Level	Outstanding	Excellent	Very Good	Good	Above Average	Average	Poor	Fail
Letter Grade	A	A	B	B	C	D	E	F
Grade Points	10	9	8	7	6	5	4	00
Score (Marks) Range ()	≥ 90 (90-100)	90 (80-89)	80, ≥70 (70-79)	70, ≥60 (60-69)	60 ,≥50 (50-59)	50, ≥45 (45-49)	45, ≥40 (40-44)	40 (0-39)

14.2 A student obtaining Grade 'F' shall be considered failed and will be required to reappear in the examination. Such students after passing the failed subject in subsequent examination/s will be awarded with 'E' grade irrespective of marks he/she scores in the subsequent examination/s. Number of attempts taken to clear a subject/s shall be shown in the transcripts.

14.3 The University has right to scale/moderate the theory exam/practical exam/sessional marks of any subject whenever required for converting of marks in to letter grades on the basis of the result statistics of university as in usual practice.

- (a) The modality for moderation of marks before the declaration of result shall be decided by a committee of Pro-Vice Chancellor, Dean UG, Assoc. Dean UG and Controller of Examination.
- (b) The modality for moderation of marks if needed after the declaration of result shall be decided by a committee of Pro-Vice Chancellor, Dean UG, Assoc. Dean UG, Controller of Examination and an external member not below the rank of Professor nominated by the Vice Chancellor.
- (c) If the candidate(s) appeared in the examination but theory marks are not available due to missing of copy by any reason, the average marks may be awarded as decided by the

 Director
 IMS Engineering College
 Ghaziabad

committee mentioned in 14.3(a). In case of missing/unavailable of sessional marks, Controller of Examination can take decision as per the provision laid down by the Examination Committee.

- (d) The Committee defined in 14.3 (a) shall also fix up the responsibility and recommend the punishment for occurrence of such case(s) in 14.3(c).
- (e) All the matters defined under 14.3(a) to 14.3 (d) shall be executed subject to the approval of Academic Council of the APJAKTU.

14.4 Computation of SGPA and CGPA

The following procedure to compute the Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA):

(a) The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student, i.e

$$SGPA (S_i) = \frac{\sum (C_i \times G_i)}{\sum C_i}$$

where C_i is the number of credits of the i th course and G_i is the grade point scored by the student in the i th course.

(b) The CGPA is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a programme, i.e.

$$CGPA = \frac{\sum (C_i \times S_i)}{\sum C_i}$$

where S_i is the SGPA of the i th semester and C_i is the total number of credits in that semester.

(c) The SGPA and CGPA shall be rounded off to 2 decimal places and reported in the transcripts.

CHOICE BASED CREDIT SYSTEM (CBCS) ORDINANCE GOVERNING THE DEGREE OF MASTER OF BUSINESS ADMINISTRATION (MBA) & MBA (TM)

CHOICE BASED CREDIT SYSTEM (CBCS):

The choice based credit system provides flexibility in designing curriculum and assigning credits based on the course content and hour of teaching. The choice based credit system provides an opportunity for the students to choose courses from the prescribed courses. The CBCS provides a cafeteria type approach in which the students can take courses of their choice, learn at their own pace, undergo additional courses and acquired more than the required credits, and adopt an interdisciplinary approach to learning. The courses shall be evaluated on the grading system, which is considered to be better than the conventional marks system. It is necessary to introduce the grading system to make the uniformity among all technical institutions of India. This will benefit the students to move across institutions within India to begin with and across countries. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the AICTE has formulated the guidelines to be followed.

13. COMPUTATION OF SGPA AND CGPA

13.1 The Dr. A.P.J. Abdul Kalam Technology University (APJKTU) Lucknow adopts absolute grading system wherein the marks are converted to grades and every semester result will be declared with Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA). The CGPA will be calculated every semester except the first semester. The grading system is with the following letter grades and grade points scale as given below:

Level	Outstanding	Excellent	Very Good	Good	Above Average	Average	Poor	Fail
Letter Grade	A+	A	B+	B	C	D	E	F
Grade Point	10	9	8	7	6	5	4	00
Score (Marks) Range (%)	>90	<90	<80 ≥70	<70 ×60	<60 ×50	<50 ×45	<45 ×40	<40

13.2 A students obtaining grade 'F' shall be considered failed and will be required to reappear in the examination. Such students after passing the failed subject in subsequent examinations will be awarded with a grade E.

13.3 The University has right to scale/moderate the theory exam/practical exam/sessional marks of any subject whenever required for converting of marks in to letter grades on the basis of the result statistics of university as in usual practice.

- (a) The modality for moderation of marks before the declaration of result shall be decided by a committee of Pro-Vice Chancellor, Dean UG, Assoc. Dean UG and Controller of Examination.
- (b) The modality for moderation of marks if needed after the declaration of result shall be decided by a committee of Pro-Vice Chancellor, Dean UG, Assoc. Dean UG, Controller of Examination and an external member not below the rank of Professor nominated by the Vice Chancellor.
- (c) If the candidate(s) appeared in the examination but theory marks are not available due to missing of copy by any reason, the average marks may be awarded as decided by the committee mentioned in 13.3(a). In case of missing/unavailable of sessional marks, Controller of Examination can take decision as per the provision laid down by the Examination Committee.
- (d) The Committee defined in 13.3(a) shall also fix up the responsibility and recommend the punishment for occurrence of such case(s) in 13.3(c).
- (e) All the matters defined under 13.3(a) to 13.3(d) shall be executed subject to the approval of Academic Council of the APJKTU.

13.4 Computation of SGPA and CGPA

The following procedure to compute the Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA):

- (a) The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a students and the sum of the number of credits of all the course undergone by a student i.e
- $$SGPA (S_i) = \frac{\sum (C_i \times G_i)}{\sum C_i}$$

Where C_i is the number of credits of the i th course and G_i is the grade point scored by the students in the i th course.

- (b) The CGPA is also calculated in the same manner taking into account all the courses undergone by a student over all the semester of a program ,i.e.

$$CGPA = \frac{\sum (C_i \times S_i)}{\sum C_i}$$

where S_i is the SGPA of the i th semester and C_i is the total number of credits in that semester.

- (c) The SGPA and CGPA shall be rounded off to 2 decimal places and reported in the transcripts.
