Dear Sir,

The National Institute for Entrepreneurship and Small Business Development is a premier organization of the Ministry of Skill Development and Entrepreneurship, engaged in training, consultancy, research, etc. in order to promote entrepreneurship and Skill Development. The major activities of the Institute include Training of Trainers, Management Development Programmes, Entrepreneurship-cum-Skill Development Programmes, Entrepreneurship Development Programmes, and Cluster Intervention.

With a view to expose students as well as faculty of academic institutions, offering degree/diploma courses in Science & Technology , to entrepreneurship as an alternative career, Entrepreneurship Awareness Camps (EACs) are conducted by NIESBUD which is sponsored by DST. EAC is of 3 days duration, and is conducted in the premises of an academic institution and aims at creating awareness among students about various facets of entrepreneurship while highlighting the merits of pursuing such a career option. In EAC, about 75 students are exposed to different aspects of entrepreneurship, including opportunity guidance, services offered by agencies of support system etc. A visit to the industries located in the region is to be arranged on 3rd day of EAC by the host institute to bring the students in direct touch with practicing entrepreneurs to enable them to
