

## IMS ENGINEERING COLLEGE, GHAZIABAD

(YEAR OF ESTABLISHMENT – 2002)

[Approved by AICTE Affiliated to Dr. A.P.J. Abdul Kalam Technical University]

### Supporting Document

#### **5.4.1 There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services**

The notion of alumni associations emerged to meet the demands of both ends, i.e., academics and professionals, with the goal of bridging the gap between college life and career life, so that new graduates are prepared to confront the present problems of a competitive professional world. Both sides must work together to help each other achieve the goal. The notion took shape, and the founding of the Alumni Association became a reality.

There is a registered Alumni Association at the institution. The Association's main goal is to bridge the gap between the college and alumni. They have been in charge of maintaining thorough track of alumni with their needed data and informing them about the institute's current developments and successes. To stay connected to their college and other graduates, former students gather in an alumni organization. Alumni can access a variety of opportunities and enjoy a variety of advantages by joining an association. The network that comes with belonging to an alumni organization is one of its finest features. As a graduate, one can connect with numerous business connections and other college grads through an alumni network. Alumni frequently participate in and gain from career insights and assistance from other alumni and career professionals with the institution through networking and professional development activities. The Institute considers Alumni Feedback. The website for the same is <https://imsec.almaconnect.com/>

IMS Engineering College Ghaziabad celebrated much awaited homecoming of its alumni on **25th December 2021**. Alumni Meet 2K21, “Homecoming... Connected Forever” was attended by almost **100 alumni** from batches 2007 to 2020, faculty members and final year students of MBA and B.Tech. Alumni were excited, happy and at the same time nostalgic meeting their faculty members and friends. They also visited their classrooms and hostels to relive their old memories.
