Date: 29-08-2019

**PROPOSALS (TECHNOLOGY DEVELOPMENT)**  
**Upper Cap Funding Rs.1,00,000**

SEG Name	:	Sanitation And Solid Waste Management
SEG Contact Details	:	Prof. Indumathi Nambi, Indian Institute of Technology, Madras

Proposal Id	:	C-46125/UP/GZB/SSWM/1LAKH/1
Title of the Technology	:	Creation of a portable, simple, and affordable water purifier for the removal of heavy metals, microorganisms, and odor-based water contaminants.
Amount Requested For	:	100000
Date of Proposal Submitted	:	12-07-2023

PI Contact Details	:	SUDHAKAR DWIVEDI, nitin.sharma@imsec.ac.in, 9696064535
State	:	Uttar Pradesh
District	:	Ghaziabad
Village Name	:	Nahal
Current Status	:	Forward to NCI to assign to concern SEG

Proposal submitted by	Ims Engineering College, Ghaziabad	RCI	Indian Institute of Technology, Delhi (AISHE Code:-U-0100)
Name of College/Institution	Ims Engineering College, Ghaziabad (AISHE Code:-C-46125)	State	Uttar Pradesh
District	Ghaziabad	Village Name	Nahal
Block		Date of submission	12-07-2023
Coordinator Name	SUDHAKAR DWIVEDI	Email ID	nitin.sharma@imsec.ac.in
Mobile No	9696064535	Principal Investigator	Dr Siddharth Vats
Email of Principal Investigator	siddharth.vats@imsec.ac.in	Mobile No of Principal Investigator	9140951132

## Proposal Overview

Subject Expert Group:	Sanitation And Solid Waste Management
Title Of Technology:	Technology Development
Village where it is to be implemented	Nahal

<p><b>Objective</b></p>	<p>□ To prepare multi filtered layered, Cost-effective, easy and portable water purifier. □ Preparation of various layers of filter system (a) Lotus fibered filter system (b) Multiherb (Tusli, Neem, Giloy, Turmeric, Ajwain, Amla) (c) Flower (Gurhail, Gulab). (d) Muslin clothes. □ Setting up the system. Justification for the project: Water is essential to life, but tragically, more than a billion Indians lack access to clean water. Lack of access to clean water causes tremendous pain, illnesses, newborn mortality, development impairment, and financial loss. 70% of India's surface water resources and an increasing portion of its groundwater. The biological, poisonous, organic, and inorganic contaminants pollute groundwater reserves. These sources have frequently become dangerous for other uses as well as for human consumption. According to the UN, India has low water quality and is 122nd out of 122 countries in terms of the standard of the water that is made available to its population. In many parts of the world where water is scarce and polluted, measures for long-term water purification and restoration are required. Third world countries like India need some simple portable water purifier acting against: • Heavy metals • Dirt • Health degrading Microbes • Toxic material • Foul smell and taste According to the many reports specific to Indian Health scenario, and role of water borne diseases on economic losses have proven the fact that prevention is better than cure. Not only can water filtration assist eliminate potentially hazardous contaminants, but it may also help your drinking water taste, smell, and look better. Chlorine, soil residue, and other organic and inorganic pollutants are all decreased. Currently, water and wastewater treatment uses membrane separation technology. Membrane-based technologies have notable benefits over competing technologies, such as activated sludge processes, flocculation, adsorption, and advanced oxidation processes, including reduced footprint requirements, extremely selective separation, and treatment that requires almost no chemicals.</p>
<p><b>Funds Raised from Gram Panchayat</b></p>	<p>Others</p>
<p><b>Details of the funds raised from other agencies</b></p>	<p>we use some recourse which is provided by the IMS engineering College</p>
<p><b>Describe your role at various stage of the Project</b></p>	<p>This project is important for rural development. PI will dedicate from the starting till end of the project. PI will ensure that the right and high quality material are purchased for creation of the portable water system. The PI will do the quality control and quality check at every level. Before final usage of the water the parameters will be thoroughly checked and compared by the PI and once he find the result matches the standard guidelines then only it will be used for consumption. Post the project the PI will talk to industries for commercialization of the project.</p>
<p><b>Describe your role at various stage of the project</b></p>	<p>1. Materials and Methods All the materials required are organic in nature. The glass jar will be used as upper and lower container. If glass is not available then biodegradable plastic will be used for making the transparent body of the container. 2. Synthesis/Fabrication of functionalized filter layers. • There are five layers of filters which will be made in an arrangement where they will be placed on one another. • The first layer will be made of lotus fibers. The lotus fibers will be used to remove heavy and toxic metals present in water. • The second layer will be made up of antimicrobial herbs to kill microbes. • The third layer will be made up of again lotus fibers. • The fourth layer will be made up of muslin cloth to remove any other impurities. • The final layer will be made up of flower petals incorporated filters to remove foul smell 3. Setting up of water purifier system: • The top of the purifier will be a container of 20-50 L capacity. • Connected to layers of filters by a drain pipe. • The purified water will be then collected to the bottom container and due to pressure from the coming water the purified water will be collected to the middle container with tap.</p>
<p><b>Impact on village/ Beneficiaries</b></p>	<p>Microbe free water, Heavy metal free water, Foul free water, Healthy drinking water, Less drinking water borne diseases, Cost effective, Easy to use water purifier, Environment friendly, Organic, User friendly , Can save money on medical bills, Good for schools and panchayat houses.</p>

How to maintain future sustainability of installed technology in the village	It requires no maintenance only washing and replacement of filter system weekly or monthly
Impact of this work on learning of Students /Teacher	skilling of students and development of entrepreneurial approach toward sustainable growth of india. Teachers will contribute as guide to students of final in their projects which may be more rural development oriented.
Role of PI after compilation of the project duration	Then and when any research guidance or scientific support if required PI and Co PI will be there to help. Interactions with industries for commercialization of the product.

## Office Order

Ref. No.: DIR/SEP/2023/1094

Date: 20<sup>th</sup> September, 2023

The Institution's Innovation Council (IIC), IMS Engineering College, Ghaziabad is reconstituted consisting following faculty members:

S.No.	Name of Member	Member Type (Teaching/ Non-teaching/ External Expert)	Key Role/ Position assigned in IIC
1	Dr. Siddharth Vats (BT)	Teaching	President
2	Mr. Yousuf Haider (IT)	Teaching	Convener
3	Dr. Siby James (MBA)	Teaching	Innovation Activity Coordinator
4	Dr. Jyoti Guglani (ECE)	Teaching	Start-up Activity Coordinator
5	Dr. Prabhat Kr. Srivastava (CSE)	Teaching	Internship Coordinator
6	Dr. Sanjeev Sharma (AS&H)	Teaching	IPR Activity Coordinator
7	Mr. Nikhil Kawatra (BT)	Teaching	Social Media Coordinator
8	Dr. Siddharth Vats (BT)	Teaching	ARIIA Coordinator
9	Dr. Siddharth Vats (BT)	Teaching	NISP Coordinator
10	Dr. Sonali Mathur (CSE)	Teaching	NIRF Coordinator
11	Mr. Mohit Mittal (CSE)	Teaching	Member
12	Mr. Sudhakar Dwivedi (CSE)	Teaching	Member
13	Ms. Raj Kumari (CS)	Teaching	Member

The above council members will be responsible for the activities related to IIC and its compliance. All HoDs and faculty members are requested to extend their support for the smooth working of the council.

  
Prof. (Dr.) Vikram Bali  
Director

## RESEARCH POLICY FOR PROMOTION OF RESEARCH

The College thrives to focus on excellence in research and aims to stay ahead in the Science and Technology sector. Our commitment towards research yields long term technical impacts over interdisciplinary areas. The R&D cell serves as a wide platform for all research enthusiasts who have a constant thirst for innovation and development.

### Objectives:

The main objective of proposed research policy is to motivate the faculty members of the institute to undertake quality research, consultancy and other academic related activities.

### Scope:

The scheme covers all faculty members of the institute. The scope of the schemes is as follows:

- To encourage and support faculty members to conduct research in all fields and disciplines of Engineering, Applied Science and Management.
- To encourage faculty members to submit proposals for funded research projects from various funding agencies in India and Abroad.
- To utilize existing facilities effectively and establish new facilities for conducting and implementing research.
- To file more patents.
- To develop core group of faculty members with increased potential for research.
- To utilize the Incubation Centre to motivate students and faculty members for innovations and start-ups.
- To adopt collaborative research with IIT, NIT, Research centres and industries.
- To publish the research works in renowned journals (preferably SCI/SCOPUS/UGC approved journals).
- To motivate faculty members to apply for funds to conduct Faculty Development Programs at National/International level.

### Details of Promotion Schemes:

The Research Committee will ensure that policies and procedures will be adhered to in order to ensure that high standards of scientific integrity are maintained. The Institute provides the following administrative and financial support and

accounting facilities for carrying out the research projects. Faculty members of IMS Engineering College can avail the following benefits:

S.No.	Category	Incentives
1	Journal Publications: *	
	(SCI/SCIE)	Rs. 8,000/- + credit points in Annual Appraisal
	SCOPUS/Emerging SCI / UGC approved journals	Rs. 5,000/- + credit points in Annual Appraisal
2	Publication in National/International Conference	OD + Registration Fee upto Rs. 2,000/- + credit points in Annual Appraisal
3	Workshop/ FDPs/Seminars	OD + credit points in Annual Appraisal
4	Book/Chapter Publications	credit points in Annual Appraisal
5	Funded Projects	credit points in Annual Appraisal
6	PATENTS	Fees for patent filing + credit points in Annual Appraisal

\* **For Journal Publications:** If the paper is contributed by more than one authors (associated with IMSEC), amount will be shared in the following ratio:

Single author: (100%)

Two authors: (60:40)

Three authors: (50:25:25)

Four authors: (40:20:20:20).

(No reimbursement will be made to 5<sup>th</sup> and subsequent authors).

No amount will be paid to co-authors not associated with IMSEC.

#### **Basic Guidelines for Funded Projects:**

- The entire sanctioned amount shall be utilized as per the guidelines of the funding agency
- In case the Principal Investigator leaves the Institution, all the items purchased shall remain as an asset of the Institution. In case of ongoing projects, the responsibility will be delegated to other competent staff members as per the norms of the sponsoring agency.
- All Heads of the Department must regularly and diligently update the R&D information on the Institution website and submit the reports to R&D team.

- Every project preferably leads to at least one research publication in a journal indexed in SCI/SCOPUS/UGC approved journals.

### Basic Guidelines for Patents:

Receiving patent for one's research work is one of the most important factors denoting the quality of research. Financial and legal assistance shall be provided to those who are interested in registering for the patent. The patent shall irrevocably be registered in the name of IMSEC with the researcher's name prominently featuring as the inventor. The commercial aspects shall be mutually worked-out between the Institution and the researcher.

### General Guidelines:

The general guidelines for faculty members of institution are:

1. Every faculty member should attend **at least one FDP/Workshop/Short Term Training Program** (online/offline) of minimum 5 days in an academic year.
2. Every faculty member should publish **at least two research papers** in an academic year. One paper may be in reputed journal (SCI/SCOPUS/UGC/WoS indexed journals) and other should be presented in international conference (IEEE/SCOPUS indexed).
3. The published papers must have **"IMS Engineering College, Ghaziabad"** as the affiliation. The author needs to claim the incentive only after the volume number, issue number, and page number have been assigned to the research paper and it is available online.
4. All the claims must be applied **through proper channel** (through R & D Cell) and will be settled at the **end of academic year**.
5. A maximum of 5 days **"ON DUTY"** leave may be granted in an academic year for research activities. Leaves must be pre-sanction by concerned HOD and Director.
6. Faculty member has to handover the C.D./proceedings and related material to the central library through the HoD for the conferences attended.
7. Faculty who attend FDPs must disseminate knowledge and information by organising Student Development Programmes (SDP)/Student Workshops/Presentation, for the benefit of faculty and students in their respective departments.

## WORK ORDER

From: IMS Engineering College,  
Ghaziabad

To: Mr. Kuldeep Dixit, Business  
Head, ShapeMy Skills

Ref. No.: DIR/FEB/2023/

Date: 03<sup>rd</sup> March, 2023

**Subject: Work Order to ShapeMy Skills for their Placement Oriented Training.**

This letter aims to confirm the proposal for the Placement Oriented Training through ShapeMy Skills.

The proposal has been approved with the following term & conditions:

### Training Schedule:

60 hours of placement oriented training (*Hands-on technical training, and doubts solving*) to 3<sup>rd</sup> year students, in the present academic year (2022-23) @ INR 2,000/- per Student.

### Mode of Payment:

**1<sup>st</sup> Installment:-** 20% payment at the delivery of 20 hours

**2<sup>nd</sup> Installment:-** 20% payment at the delivery of 40 hours

**3<sup>rd</sup> Installment:-** 20% payment at the delivery of 50 hours

**4<sup>th</sup> Installment:-** 40% payment at the delivery of 60 hours and before certificate distribution.

### Complimentary Programs:

1. Additional online tests (5) - Complementary.
2. Four Complementary Sessions on Emerging Technologies to final year students 2023 pass out Batch.
3. 10 Hour Boot camp program for 2024 pass out Batch.
4. Separate Industrial Training Certificates, Internship Certificates and Project Certificate to the Participant.

### Conditions:

1. Dashboard Attendance must be share before 1<sup>st</sup> Installment.
2. Daily Attendance/Topics Covered report must be share of every Training Day.
3. Must Share Course Contents & Student Progress report before every Installment.

### SUB: WORKSHOP ON DEMYSTIFYING DATA SCIENCE USING PYTHON

The Department of Computer Science and Engineering would like to organise a 1 Day free workshop on Demystifying Data Science using Python for the CSE 2<sup>nd</sup> year Students.

Ms. Avneet Kaur Corporate Trainer from Cetpa Infotech Private Limited (Noida) shall conduct the workshop on 28<sup>th</sup> April, 2023 from 8.50 am to 10:00 am to 1:00 pm in the Auditorium, C Block.

The topics which shall be covered in the workshop of Network Management are:

- Introduction Python and Data Science
- Python Libraries
- Introduction to Numpy
- Pandas
- Matplotlib
- Processes of Data Analytics

Request you to kindly grant approval for the conduction of the Workshop.

## SUB: WORKSHOP ON NETWORK MANAGEMENT WITH ETHICAL H

The Department of Computer Science and Engineering would like to organise a 1 Day free workshop on **Network Management with Ethical Hacking** for the CSE 3rd year Students.

Mr. Santu Purkait of Netcamp Solutions Private Limited shall conduct the workshop on **1st May, 2023** from **8.50 am to 10.50 pm** and then **1.30 pm to 3.30 pm** in the Auditorium, C Block.

The topics which shall be covered in the workshop of Network Management are:

- Introduction to Networking and Network Management
- Structured Cabling
- Introduction to IP, Subnetting and Vism
- Routing
- Basic Unix Concepts
- Commands and Utilities
- KDE (Linux)
- Networking with Linux (with Installation)
- Telnet and Ftp configuration
- DNS configuration
- Apache web server configuration
- Live dns, web server and ftp configuration

Request you to kindly grant approval for the conduction of the Workshop.

## **Vision:**

To make IMSEC an Institution of Excellence for empowering students through technical education coupled with incorporating values and developing engineering acumen for innovations and leadership skills for the betterment of society.

## **Mission:**

- To promote academic excellence by continuous learning in core and emerging Engineering areas using innovative teaching and learning methodologies.
- To inculcate values and ethics among the learners.
- To promote industry interactions and produce young entrepreneurs.
- To create a conducive learning and research environment for life-long learning to develop the students as technology leaders and entrepreneurs for addressing societal needs.

### **Vision of the Department**

To provide globally competent professionals in the field of Computer Science & Engineering embedded with sound technical knowledge, aptitude for research and innovation with ethical values to cater to the industrial & societal needs.

### **Mission of the Department**

- M1: To provide quality undergraduate education in both the theoretical & applied foundations of Computer Science Engineering.
- M2: Conduct research to advance the state of the art in Computer Science & Engineering and integrate the research results as innovations.
- M3: To inculcate team building skills and promote life-long learning with a high societal and ethical values.

## **1. Objective of the Workshop:**

The aim of developing the profile is to create a database, or a portfolio that can give a picture of your interests for Placements and Higher Education.

Any activity undertaken to create awareness of expertise, skills, achievements, and involvement in order to advance your career or education goals is a way to build your profile.

The purpose of profile building activities is to create an extended portrait of yourself so that student lands in a high paying job and gets Master admits from Top Universities.

## **2. Outcome of the Workshop**

Students will be able to design a project-based profile. For one, it helps them acquire relevant 21st century skills, like domain specific training and internships, HR interview preparations, critical thinking, complex problem solving and creativity and opportunity to appear in 30+ interviews. Eventually, it will help them find avenues to build mastery, and find their chosen jobs or education destinations.

They will also realise that in this knowledge driven economy, such pursuits never cease. Stay curious and be ready to experiment; a constant endeavour to enhance their profile will keep them current and relevant all through their professional and academic journey.

Profile Building Workshop for Project - Oriented Stipend based Internship and High

**Impact Analysis of Workshop on "Successful Career Planning, Higher Education & Technical Profile Building"**

- Enriching knowledge related to various higher education options in India and abroad.
- Cultivate for developing strategies for result-oriented career paths.
- Educating the importance of technical profile building for better career opportunities.
- Motivating for optimized resume writing, interview skills and job search techniques

## Summary Report

Department of Computer Science and Engineering IMSEC Ghaziabad organized a workshop on "Successful Career Planning, Higher Education & Technical Profile Building" conducted by Career Labs on 21<sup>st</sup> September 2022 from 2:00PM to 3:30PM. Speaker of the session was Mr. Satish Anand an acclaimed speaker and award-winning international author with experience of delivering 100+ training sessions in various institutions. Dr. Amit Chugh Associate Professor, CSE, coordinated the session and the audience were faculty members and students of 5<sup>th</sup> semester CSE department. Mr. Satish Anand enlightened the students regarding the importance of higher education and guided them about the various options of higher education in India and abroad. He further educated students regarding the importance of profile building and discussed key points for effective profile building. He also explained the roadmap of training and internship offered by career labs for successful career planning. It was very informative and knowledgeable session for the students They gained a lot from the session and shown enthusiastic and positive response for the same. Some of glimpse of the session are as follows.
