Subject:- Permission for organizing GEMS-IEC event entitled Young Innovators on 26<sup>th</sup> November

Dear sir,

We have an Innovation and Entrepreneurship Cell (IEC) under our GEMS society of the Biotechnology Department. We have planned an IEC event on the Saturday 26<sup>th</sup> November 2022 for the students of the Biotechnology department and of the college as well. This event will have four proposed sub-events:-

1. Best out of waste
2. Concept mapping
3. Scamper
4. Brain sketching

Students can take part in any of the four events they are interested in. I kindly request you permit the department to organize the following event on this coming Saturday.

Regards

Yours sincerely

  
Dr. Vivek Kumar

# Webinar Report

## Department of IT & IIC

The webinar is aimed to generate awareness about Intellectual Property Rights (IPR) in the various department and research scholar, thereby furnishing the required guidance and talent about a collection of procedures of patent search and application filing. The webinar is indeed a podium to foster pioneering minds amid participants and identification of protectable innovations.

The session started with a welcome speech by Dr. Priyanka Tyagi, Assistant Professor of IT department. Participation was very encouraging from various department of IMS Engineering College in the webinar. There were 67 enthusiastic participants from various branches.

The entire programme was coordinated with the support of the Director sir, Dean Sir, Hod of IT ,Head of IIC Cell ,Event Coordinator Dr Priyanka Tyagi and Co -coordinator (Ms. Prabhjot Kaur , Ms Yashi Bhardwaj) and faculties of department of IT , IMS Engineering college.

## 4 Patentability requirements

- Patentable subject matters**
  - Substance, statutory or natural/physical subject matter is subject matter which is susceptible of patent protection. The laws of patent practices of many countries provide that certain subject matters are excluded from patentability even if the invention is novel and inventive.
- Novelty**
  - Novelty is a requirement for a patent claim to be patentable. An invention is not new and therefore not patentable if it has become known to the public before the filing date of the patent application, or before priority date of priority of the application in case of an earlier patent application.
- Inventive step**
  - The inventive step requirement means that there is a significant improvement between the technical solution and existing technology to warrant the granting of a patent.
- Sufficiency of disclosure**
  - Sufficiency of disclosure or enablement is a patent law requirement of enabling an inventor to disclose an invention to the public in a way that enables a person skilled in the art to carry out the invention.

## What is a Patent?

- ▶ A legal protection which gives an inventor the right to exclude others from performing certain activity in the country of issuance
- ▶ Sanctioned monopoly for a set number of years in exchange for disclosure to the public
- ▶ Does not give the inventor the right to make, use or sell the patented invention

The expert speakers of NIESBUD Mr Ravi Gupta & Mr Sunil Taneja elaborated the importance of entrepreneurship & innovation, the process of starting own venture, the support system, funding opportunities and the market strategy. The event was inaugurated by the Director of IMSEC, Dr Vikram Ball. In his inaugural speech Dr Vikram Ball welcomed the delegates and expressed satisfaction over the huge participation of the students & faculty members. He said that it is the need of the hour today that students start their innovative entrepreneurial journey and contribute in the nation building process by becoming job creator rather than just becoming a job seeker.
