Guest Lecture on World Entrepreneurship Day on the Topic Entrepreneurship as a Career Opportunity

 Guest Lecture on World Entrepreneurship Day on the Topic Entrepreneurship as a Career Opportunity

21, Aug, 2023

Guest Lecture on World Entrepreneurship Day on the Topic "Entrepreneurship as a Career Opportunity" by Ms. P. Bhatnagar on 21st August 23 in Seminar Hall A-Block

The Department of Computer Science and Engineering of IMSEC has organized an Expert Talk on the occasion of World Entrepreneurship Day on 21 August 2023. The Expert talk was delivered by Miss Palak Bhatnagar, who is also an alumni of the Institute. She encouraged the students to take entrepreneurship as a career and shared her experience with them. The students participated enthusiastically and all she addressed all student queries.

Expert Talk on Innovative Teaching Practices

23, Aug, 2023

Expert Talk on Innovative Teaching Practices held on 23/08/2023 in Seminar Hall A-Block

A session on innovative teaching practices by Dr. Sushil Garg, Professor, CSE department, was held on 23-08-2023 in the Seminar Hall, A block. The session was attended by the Dean, HOs, and faculty members of IMSEC. This session started with an introduction to innovative teaching methods by Dr. Sushil Garg. He mentioned Innovative teaching methods being implemented in India to enhance the education system.

An innovative teaching method transcends traditional boundaries, fostering engagement and deep understanding. By intertwining real-world applications with academic concepts, it cultivates practical problem-solving skills. Technology becomes an ally, enabling personalized learning experiences and global connectivity. Collaborative projects nurture teamwork and communication prowess, essential for the modern era. This method empowers students to think creatively, adapt swiftly, and embrace lifelong learning, preparing them to excel in an ever-evolving landscape.

All the above points were discussed by the Speaker. The session was very interactive. The questions that were asked by the audience were explained by Dr. Garg. The event ended with a Vote of Thanks.

A Seminar on the topic “My Story- Motivational Session by a Successful Entrepreneur” was organized by the Department of Computer Science and Engineering

A Seminar on the topic “My Story- Motivational Session by a Successful Entrepreneur” was organized by the Department of Computer Science and Engineering on 12th December, 2023 at C-Block Auditorium at IMS Engineering College, Ghaziabad. The resource person for the Seminar was Mr.Suraj Jaiswal (SSJ IT Solutions Private Limited - Co-founder & CTO) (IT Company).

This motivational session on Entrepreneurship was not just a passive experience, it was a call to action. Attendees were all 3rd year CSE students approx. 200 were left inspired, empowered, and armed with the knowledge and motivation needed to take the next steps on their entrepreneurial journey. The session was very interactive and the audience had many queries which were successfully resolved. The event ended with a Vote of Thanks to all the concerned persons.

The Department of Computer Science and Engineering had organized a workshop “Igniting Innovation through DSA”.

The Department of Computer Science and Engineering had organized a workshop “Igniting Innovation through DSA”. The workshop was for B.Tech CSE 2nd Year students, and it was led by Mr.Rajesh Gupta, a corporate Trainer from Coding Blocks. This workshop focused on the fundamentals of data structures and how they are essential for writing efficient and optimized programs. The workshop covered various topics such as arrays, linked lists, stacks, queues, and trees We got a chance to apply our learning to real-world problems helping in innovation and placements and 70 students attended the workshop.

Expert talk on Building businesses from ideas

ADMISSION 2024-25

 16, Apr, 2024

The Department Computer Science and Engineering (CSE) in collaboration with the Institution Innovation Council (IIC) IMSEC Ghaziabad organized an expert talk on Building businesses from ideas.

The Department Computer Science and Engineering (CSE) in collaboration with the Institution Innovation Council (IIC) IMSEC Ghaziabad organized an expert talk on Building businesses from ideas.

Dr. Kokila Saxena, Professor (MBA) delivered a captivating expert talk on April 15, 2024, elucidating the art of transforming ideas into thriving businesses. With her wealth of experience and profound insights, Dr. Saxena shared invaluable strategies and principles to empower aspiring entrepreneurs on their journey towards success. During the talk, Dr. Saxena emphasized the importance of identifying viable business ideas that address real-world problems or fulfill unmet needs. She underscored the significance of thorough market research and validated customer feedback in shaping the foundation of a sustainable business venture.

Date: 07/12/2023

Subject: Seeking approval to conduct a Seminar on "Research Paper Writing & Patent Publication" on 12.12.2023.

Respected Sir,

The Department of Computer Science is planning to organize a seminar on "Research Paper Writing & Patent Publication" to provide them guidance on how to draft a research outcome in terms of papers and patents for the students of fourth-year CS on 12.12.2023 at 09:50 AM. I am writing this application seeking your kind permission to conduct the session as per the schedule mentioned above.

Mr. Awdhesh Kumar, AP, CS will coordinate the event.

The flyer is also attached for your kind approval.

Thanking you in anticipation.

With sincere regards
Dr. Sonia Jureja

Report of the Event

Title: One-Day Seminar on Research Paper Writing and Patent Publication at IMS Engineering College, Ghaziabad

Date: 12th December 2023

Organized by: Department of Computer Science, IMS Engineering College, Ghaziabad

Objective: The primary objective of the one-day seminar was to provide a comprehensive understanding of research paper writing and the process of patent publication. The event aimed to equip participants with the necessary skills and knowledge required to effectively communicate their research findings through papers and explore avenues for protecting intellectual property through patenting.

Description of the Event: The seminar commenced with a warm welcome by the Department of Computer Science, IMS Engineering College, Ghaziabad. The distinguished speaker for the day was Dr. Sonia Juneja, a renowned expert in the field of computer science. Dr. Juneja, with her vast experience in research and patenting, delivered an engaging lecture that covered various aspects of research paper writing and patent publication.

The session on research paper writing focused on the essential components of a quality research paper, including literature review, methodology, results, and conclusions. Dr. Juneja provided valuable insights into effective writing techniques, citation styles, and strategies for submitting papers to reputable journals. Participants gained practical tips on crafting compelling narratives to enhance the impact of their research contributions.

The second part of the seminar delved into the intricacies of patent publication. Dr. Juneja elaborated on the importance of patents in protecting intellectual property, fostering innovation, and contributing to academic and industrial growth. The audience learned about the patenting process, from idea conception to filing, and the significance of conducting a thorough patent search to ensure novelty and avoid infringement.

The event also included interactive sessions where participants had the opportunity to ask questions, seek advice, and share their experiences related to research paper writing and patent publication. The engaging discussions facilitated knowledge exchange and created a collaborative learning environment.

Event Outcome: The one-day seminar proved to be highly beneficial for participants, comprising students, faculty members, and researchers from the Department of Computer Science at IMS Engineering College. The event successfully achieved its objectives by:

- 1. Enhancing Writing Skills:** Participants gained a deeper understanding of the intricacies of research paper writing, enabling them to produce high-quality papers suitable for publication.
- 2. Promoting Intellectual Property Awareness:** The seminar raised awareness about the importance of intellectual property protection, motivating participants to explore patenting options for their innovative ideas.
- 3. Facilitating Networking:** The interactive sessions fostered a sense of community among participants, encouraging collaboration and the exchange of ideas within the academic community.

Subject: Approval to conduct an Expert Talk on 29-12-2023

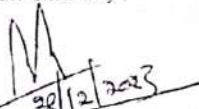

Dear Sir

Department of Biotechnology in collaboration with IIC, IMSEC, would like to conduct an Expert Talk to be delivered by Dr. Rabab Anjum (Assistant Professor, BT) on 29-12-2023 at 12:40 PM. The title of the talk shall be "From Idea to Patent: Elevating Your Innovation Through Strategic Writing". The event will be coordinated by Dr. Siddharth Vats (Associate Professor and Additional Head, BT).

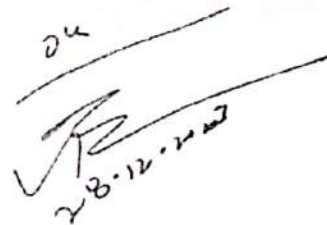

Kindly allow us to conduct this activity.

Thanking you

Yours sincerely,

REPORT ON EXPERT TALK

Department of Biotechnology

29-12-2023

"Innovative measures to spread awareness on HIV and AIDS"

Under the supervision of our esteemed Director Sir, the Department of Biotechnology in collaboration with IIC-IMSEC conducted an Expert Talk on Theme "From Idea to patent: Elevating your innovation through strategic writing" By Dr Rabab Anjum (Assistant Professor, BT) on 29 December, 2023 at Room A-223 Block A, from 12:40 PM to 2:40 PM for the students of B. Tech (Biotechnology). The event was coordinated by Dr Siddharth Vats (Associate Professor and Additional Head, BT). The primary objective of this talk was to enlighten students about the strategic aspects of patent writing, providing insights into the journey from conceptualizing an idea to securing it through effective patent drafting. Dr. Anjum delved into the intricacies of the innovation landscape, emphasizing the importance of patents in protecting and fostering innovation. She provided a comprehensive overview of the patenting process, covering the identification of patentable ideas, the significance of prior art searches, and the key components of a patent application. The faculty members of Biotechnology department and 35 students attended the event with great enthusiasm. This event proved to be a valuable and enriching experience for all students undoubtedly contribute to their ability to navigate the patenting process effectively and elevate the quality of their innovations.

IMS Engineering College Ghaziabad's post

IMS Engineering College Ghaziabad

15 December 2023 · 🌐

The Expert Session on 'Nurturing Sustainability, Entrepreneurship and Innovation through Hydroponics', organized by the Department of Biotechnology in collaboration with the Institution's Innovation Council (IIC), featured Dr. Akhilesh Dubey, Department of Biological Sciences and Engineering, NSUT, Delhi. Delving into sustainable practices, entrepreneurial opportunities and transformative innovations in hydroponic agriculture, the event provided a unique learning opportunity. Attendees gained valuable insights from Dr. Dubey's expertise, exploring the promising future of sustainable farming through hydroponics. We extend our sincere appreciation to our Director, Prof. (Dr.) Vikram Bali for the continuous motivation and support in promoting such meaningful events.

Embark on a journey of knowledge and innovation! The Department of Biotechnology proudly presents a 'Hands-on Training Workshop on Sustainability and Hydroponics: Crafting Entrepreneurial Innovation,' in collaboration with the Institution's Innovation Council. Led by Dr. Akhilesh Dubey, Department of Biological Sciences and Engineering, NSUT, Delhi this workshop promises an immersive experience. Explore the intricacies of sustainable practices, dive into hydroponic techniques, and learn the art of crafting entrepreneurial innovation.

IMS Society

Incorporated in 1990, as a non-profit organization, IMS society proudly stands today as the apex body, looking after three well known educational institutions in the city of Ghaziabad. IMS society was founded by a group of dynamic and visionary edupreneurs, with the noble idea of imparting world class quality technical and management education to the students, and thus, contribute in the upliftment and development of the society. Since its inception, the IMS Group has promoted education in various areas of Management Sciences, Information Technology, Bio Sciences, Engineering and Journalism and is continuously striving to achieve excellence in all its endeavours.

IMS Engineering College (IMSEC)

IMS Engineering College, Ghaziabad is known for its quality technical and management education, centres of excellence, innovative teaching pedagogy, discipline, and other creative efforts. IMSEC stands as a premier institution among Engineering colleges in North India, distinguished for its commitment to delivering high-quality technical and management education and ensuring 100% employability for its students. The Institution's stellar achievements underscore its dedication to academic and research excellence.

Institution'S Innovation Council (IMSEC)

One of the primary objectives of the IIC IMSEC is to create an ecosystem that encourages and supports innovation at every level. It provides a platform for students to explore their entrepreneurial aspirations by offering mentorship, guidance, and resources to turn their ideas into reality. Through various initiatives such as hackathons, ideation workshops, and innovation challenges, the IIC empowers students to think critically, collaborate effectively, and develop innovative solutions to real-world problems.

Mentor Mentee Program Ministry of Education, Govt of India

Collaboration between the Institution Innovation Council (IIC) at IMSEC and Mentee institution through a mentorship program holds immense potential for the holistic development of students. By facilitating knowledge sharing, networking opportunities, and cross-disciplinary collaboration, the mentorship program can enrich students' learning experiences and equip them with the skills and knowledge needed for success in the professional world. Through this collaborative effort, students can leverage the collective expertise, resources, and networks to explore new ideas, overcome challenges, and pursue their aspirations with confidence. Overall, the mentorship program serves as a catalyst for fostering innovation, entrepreneurship, and lifelong learning among students, ultimately preparing them to make meaningful contributions to society.

Dear Sir,

Shri Ramswaroop Memorial University, Barabanki started Institute of Agricultural Sciences and Technology in 2019. We are running a graduate level program B.Sc Agriculture (Honors) as per ICAR norms. SRMU focuses on overall development of students as well as faculty members who are the pillars of strength in academics and knowledgeable talks from experts like you will enhance their knowledge and increase their exposure.

You are cordially invited to deliver a talk for the One week "Faculty Development Program" on August 26, 2023 on the topic "Exploring Biotech Tools to Augment the Growth of Agriculture in India" on online mode at 3 PM.

The google meet link is <https://meet.google.com/kvr-xwcs-vci>

Kindly revert back with your acceptance

Thanks and best wishes

Subject: Request for approval to conduct an Expert Talk on 'Innovative Technologies in Global Healthcare Transformation' for celebrating 'World Creativity and Innovation Day' on Sunday, April 21, 2024

Dear Sir

With reference to the Inter Office Note, Ref. No.: DIR/DEC/2023/1142, dated 7th December, 2023, Biotechnology department has been given the responsibility to celebrate and commemorate 'World Creativity and Innovation Day' on Sunday, April 21, 2024.

We are planning to conduct an **online Expert Talk** entitled '**Innovative Technologies in Global Healthcare Transformation**' on Sunday, April 21, 2024 from 11 AM onwards. The expert for this talk would be B.Tech Biotechnology Alumni (2004-2008 batch) Ms. Vandana Mandal Kumar who is currently working as the Director, Technology Engineering & Operations at Providence India.

The coordinator of this event would be Dr. Shomini Parashar.

We hereby seek your permission to conduct this event.

Thanking you

Yours sincerely

Report of the Event

Objectives

The objective of an expert talk entitled "Innovative Technologies in Global Healthcare Transformation" would likely be to explore and discuss the role of cutting-edge technologies in revolutionizing healthcare on a global scale on World Creativity and Innovation Day.

Description

The Biotechnology Department of IMS Engineering College, Ghaziabad, in association with IIC, orchestrated a thought-provoking session on World Creativity and Innovation Day on 21st April 2024, at 11:00 AM in online mode. Ms. Vandana Mandal Kumar, an esteemed alumna of the 2004-08 B.Tech Biotechnology batch and currently serving as the Director of Technology Engineering and Operations at Providence India, graced the occasion with her insightful talk on 'Innovative Technologies in Global Healthcare Transformation'. Ms. Kumar's practical wisdom and real-world experience in applying biotechnological advancements to healthcare deeply resonated with the participants. Her emphasis on embracing creativity and nurturing an innovative mindset left a lasting impression on the audience. The success of the event can be attributed to the adept leadership of Dr. Ajay Kumar Sharma, the Head of the Biotechnology Department, and the meticulous coordination of Dr. Shomini Parashar. Their concerted efforts ensured that the session not only disseminated knowledge but also ignited a spark of curiosity and ambition among the attendees. Events like these serve as catalysts for academic and personal growth, fostering a culture of innovation and excellence within the student community.

Outcome

Participants gained a deeper understanding of the latest innovations in healthcare technology and their potential to transform healthcare systems worldwide. Participants identified opportunities for leveraging innovative technologies to improve healthcare delivery, as well as potential challenges and barriers that need to be addressed.
