SUPPORTING DOCUMENTS **AQAR: 2023-24**

7.2.1	Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.
--------------	--

Attachment: Two best practices successfully implemented

1.2.2 Number of Add on /Certificate programs offered during the last five years (10)

1.2.3 Average percentage of students enrolled in Add-on/Certificate programs as against the total number of students during the last five years (10)

Name of Add on /Certificate programs offered	Course Code (if any)	Year of offering	No. of times offered during the same year	Duration of course	Number of students enrolled in the year	Number of Students completing the course in the year
Entrepreneurship and Innovation Business Models		2023-24	1	30	272	272
Object Oriented Approach For Problem Solving		2023-24	1	30	104	104
Data Analysis with Python		2023-24	1	30	205	205
R Programming		2023-24	1	30	289	289
Industry 4.0 and AI Applications for Innovation Management		2023-24	1	30 hours	102	86
Innovation Based Entrepreneurship For Economic Growth		2023-24	1	35	81	81
MULTI USER OPERATING SYSTEM USING LINUX		2023-24	1	35	240	240
Python Programming with AI		2023-24	1	40	29	29
Web Designing Concept		2023-24	1	40	26	26
Java Programming - Advance Java		2023-24	1	30	56	21
Data Visualization Using Tableau		2023-24	1	30	31	21

Institutional Two Best Practices 2023-24

Best Practice No. 1

Title of the Practice: MENTORING SYSTEM FOR STUDENTS

Objective of the practice:

- ▷ To minimize dropouts, improve performance and reduce stress of the students through personal counselling

Context:

- ▷ Students experience various types of problems due to stress which can be personal, academic, physical, or mental. Students are new to professional college life. It creates a lot of stress, especially to hostel students who are away from family for the first time. Students from educationally weak background feel complex and hesitations in class and unable to perform well due to inhibitions. Statistics reveal increasing number of suicides and dropouts. Considering the student-teacher ratio in classrooms, it is difficult at times to give personal attention to students in class. One solution, therefore, is a 'Mentor' who can form the bond with students in the true sense. Mentoring is required for students to achieve emotional stability and to promote clarity in thinking and decision making for overall progress.

The Practice:

- ▷ Each teacher is assigned a number of students for the complete duration of their study.
- ▷ They meet at least once a month to discuss, clarify and share various problems which may be personal or academic, etc.
- ▷ The mentors encourage the students to participate in co-curricular and extracurricular activities and sports.
- ▷ Their academic performance and participation in other activities are all well documented on the counselling cards.
- ▷ The mentors also keep in touch with the parents for their attendance, test performance, fee payment, examinations etc on weekly basis.
- ▷ The mentors also counsel the students when they face any emotional problem.
- ▷ When the students have any problem in any department either with the teachers, staff or with other students, the mentors speak with the respective person and sort out the problem.
- ▷ Mentors take special care of weak students, who are given advice on how to study, prepare a time table for study and clarify the doubts and also given notes to study.
- ▷ Chief Mentor of department takes the progress of counselling of students by mentors.

- ▷ Students' problems are discussed with the departmental heads as well as other faculties and then necessary action is taken to solve it.

Evidence of Success:

- ▷ Evidence of success of the practice includes university rank holders, better results in the examinations, improved attendance, less drop outs, increased participation in co-curricular and extra-curricular activities, better discipline in campus and respectful relationship between teachers and students. The students are more relaxed and have a healthy relationship with the staffs.

Problems Encountered and Resources Required

- ▷ This practice requires committed teaching staff who has the desire to help students beyond teaching hours. There are no limitations or constraints faced during implementation of the program

Title of the Practice: BEYOND CURRICULUM INITIATIVES

Objective of the practice:

- To equip students with the much-needed domain skills that enable them to become a contributing part of the corporate world.
- To equip our students with minor specializations that prepare them to face new and upcoming changes in the professional world.
- To enable the students in the requisite Soft Skills/Transferable Skills to enhance their employability.

THE CONTEXT

The industry is evolving at a rapid pace, and we can already hear from the experts in the corporate world the murmurs of the industry moving from INDUSTRY 4.0 (automation & AI) to INDUSTRY 5.0, with an even more thin line difference between human and machine interaction to enhance the user experience – whether it is any product or service. After duly ascertaining this need by regularly interacting with professionals from the industry the management of our institution decided to establish a whole new vertical in this area – the Skill Development at IMS Engineering College that plays an instrumental role in increasing the employability quotient of our students.

Although it is an initiative to assist the improvement of the students, yet the main challenge is to motivate the students to become active participants in the process as these are non-credit courses and are being offered to them as a value-added course apart from the prescribed curriculum of the affiliating university. Wherever possible, some of the minor specializations on offer, by every department, are mapped to some of the elective subjects offered by the university to convert them into credit courses and empower students therein.

THE PRACTICE

- After their admission all the first-year students undergo an external party assessment to ascertain their English communication proficiency and the students' falling in the improvement category are trained for a definite number of hours.
- From the 2nd year onwards the choice of minor specializations is opened department wise for the students and they can opt according to their interest area.
- The Soft Skills faculty members from the Humanities & Social Sciences department also play a significant role by helping students in their personality development.
- Inspiring the students to be participative in these non-credit beyond curriculum courses.

Evidence of Success

Small steps taken in the right direction yield positive results over time and this has been proven by IMS Engineering College. The major accomplishment due to the concerted efforts of the institute in this direction has been a constant increase in the number of jobs offers for our students.

Problems Encountered & Resources Required

The biggest challenge of ensuring students' participation has already been taken care of by strictly implementing the institutional academic policy and as far as the required resources are concerned – the faculty members of the Humanities and Social Sciences department, and the faculty members involved in the Skill Development are all in-house resources who arrange for due interaction with alumni and industry personnel as & when required.

IMS Engineering College Ghaziabad

Mentor-Mentee System We Understand You

Mentoring is an effective and popular way of providing guidance and support to young students. Effective mentoring also helps to accomplish program goals, ensuring consistency and stability. The prime objective of the mentor-mentee process at IMS Engineering College Ghaziabad is to ensure student's overall development and growth in academic and professional matters by fully exploiting the potential of every individual.

Mentor-Mentee Process Details

- Faculty members are assigned a group of 20 students for B.tech and 25 students for MBA whom they serve as mentors.
- MBA students are assigned mentors from the department and will remain the same for their entire course.
- The first year B. Tech. students are assigned mentors from the Applied Science and Humanities department.
- Senior students from B. Tech. programs and students of all other programs are assigned mentors from their respective departments.
- The mentee preferably, as far as possible, be assigned to the same mentor throughout the program. In case any mentor leaves the organization then mentees would be assigned to the new Mentor.
- The mentor shall be provided the academic performance data and details of slow and advanced learners by the respective department/in charge.
- Proper mentor-mentee cards shall be maintained by the department and respective mentors to uphold the respect of the individuals involved.
- The mentors shall be consulted/informed in case of disciplinary issues on the code of conduct with a student.

A. Responsibilities of Faculty mentors

- Every faculty mentor should be connected to all students (mentor group) through the WhatsApp group.
- At the beginning of the semester, the mentor should have a discussion/meeting with the parents of the mentees and thereafter enter all the inputs received during the discussion in the mentor form. The mentor should also communicate the good qualities and strengths of the mentees to the parents.
- Every faculty mentor should have complete information of all students (mentor group) like mobile numbers of both- students and parents, address, academic results, overall academic performance and progress, extracurricular activity chart, etc. so that he/she may communicate

to their parents in serious issues and update them. This will help the mentor in monitoring the academic growth of the students.

- If a mentee is not attending class for 3 consecutive days, then proper action can be initiated.
- Faculty mentor will counsel students for overcoming their difficulties regarding academic issues, fear of a subject, training requirements, etc.
- Meet the mentee student weekly to check the progress.
- Advise the mentee regarding the choice of electives, add-on courses, external certifications, projects, summer training/internships, and other co-curricular matters.
- Advice for career options and their planning and development.
- Contact parents/guardians if the situation demands e.g. irregularities, negative behavioral changes, interpersonal relations, detrimental activities, etc.

B. Role of the HOD

- Meet all faculty mentors of his/her department at least once a month to review the proper implementation of the system.
- Advise mentors wherever necessary.
- Raise all Indiscipline cases and keep a record.
- Initiate administrative action on a student when necessary.
- Keep the Head of the Institute informed when necessary

IMS Engineering College, Ghaziabad

Mentor-Mentee Session

Session No.	Session Name	Session Plan
1	Orientation	Know Your Mentee <ul style="list-style-type: none">• Informal Conversation• Answering their queries related to IMSEC policies and system• Making them understand the importance of study groups• Forming WhatsApp group
1	Reading Skill	<ul style="list-style-type: none">• In the first round article would be assigned to each mentee• Weekly sessions would be conducted for practice.• Formation of team for class-level competition• Schedule of Competition with other department's students• Schedule the reading competition at college level
2	Writing Skills	<ul style="list-style-type: none">• Provide guidance for official Email writing, for Article or Blog writing.• Schedule the writing competition at class level.• Schedule of Competition with other department's students• Schedule the essay/ Article or Blog writing competition at college level.
3	Group Discussions	<ul style="list-style-type: none">• Mentor identify the topics for GD and assign one topic every week one day prior to their mentee.• In first round 10 are speaking and other 10 are observing, than vice-versa in 2nd round).• Need to draft the evaluation sheet for grade
4	Extempore & General Awareness	<ul style="list-style-type: none">• One round of Extempore and then general awareness testing (either through MCQ quiz or may be asking oral questions related to business environment, technical expertise)

5	Expectations Setting	<ul style="list-style-type: none"> •All mentees talking about their expectations out of this MBA/ Engineering course (mentor listening & understanding their expectations) • Guiding them and if required fine tuning it to reality.
6	Feedback	<ul style="list-style-type: none"> • One on one feedback to mentees about their improvement areas and how to improve upon in those areas (mentors may continue in session 5 if required)
1	Career Counselling	Counselling mentees on Domain area selection and on career choices (could be sector choice and job vs entrepreneurship etc.)
2		Preparation for Placements/Internship
3		Preparation for Placements/Internship
5		Agenda to be decided by Faculty as per their respective mentee requirements
1	Placement Preparation	Counseling on Placements (How to identify companies for applying, learning for placements)
2		Mock PI for Placements and feedback
3		Mock PI for Placements and feedback
4		Aptitude Test Conduction of aptitude Classes on a Regular basis for students. Schedule the test at the college level on monthly basis.

Vision and Mission of the Institute and Department

Vision of the Institute

To make IMSEC an Institution of Excellence for empowering students through technical education coupled with incorporating values and developing engineering acumen for innovations and leadership skills for the betterment of society.

Mission of the Institute

- To promote academic excellence by continuous learning in core and emerging Engineering areas using innovative teaching and learning methodologies.
- To inculcate values and ethics among the learners.
- To promote industry interactions and produce young entrepreneurs.
- To create a conducive learning and research environment for life-long learning to develop the students as technology leaders and entrepreneurs for addressing societal needs.

From: Chief Mentor, BT Department	To: BT Faculty, Students of 4 th , 6 th and 8 th Semester
-----------------------------------	--

Date:

15th February 2024

Please find below the list of mentors assigned to students. The students are expected to contact their respective mentors at least twice a month. The mentors will conduct activities as instructed and prepare two reports - one on the activities conducted and the other on the impact of these activities on the student. The students can discuss their personal and academic problems with their mentors. In case of any further assistance, please feel free to contact the undersigned.

SUB: 2ND YEAR SUMMARY OF MENTORING CARDS DISTRIBUTION LIST & RE-ALLOCATION LIST 2023-24

A meeting will be held on 09/09/2023 in the VIP cabin of undersigned at 2:00 PM.

The Agenda of meeting:

1. Mentor's card will be distributed and re-allocated to new faculty members.
2. Each mentor makes what's app group of assigned No. of mentees.
3. Each mentor has to keep the entry of their mentees on Evaluation Sheet
4. All Mentors will do mentoring activity in their own proper way.
5. Mentor & mentee Booklet & mentoring report will be shared as whats app group.

Sitting Arrangement for 2nd year CSE is as follows:-
