

6.2.2 The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

Through the practical experience of management, corporate management has been designed in a scientific and transparent manner to obtain the best results from it. A hierarchical clusters were created from top management down level to clearly delineate duties, responsibilities, accountability, and powers at each stage.

IMS Engineering College, established in the year 2002, has a broad Vision and Mission that focuses on innovative approach for quality teaching and research in engineering and management so as to bridge the gap between the industry, society and academia. The institute follows a democratic and participatory approach of governance for achieving its goals. All stakeholders participate actively in the administration of institute. The college has a well-structured administrative and academic setup to consistently improve the quality and standard of education transmitted and to achieve excellence.

The overall corporate governance structure is classified as "Academies"

"Administration". With greater consideration of all stakeholders over students an effective management system is organized.

The foundation has formed various committees at institute and department level for the effective functioning of the organization. The objectives and functions of the committees are organized according to the instructions of the head of the institution.
